Mr. W. Park Armstrong, Jr.
Special Assistant to the Secretary of State
for Research and Intelligence
Department of State
Washington, D. C.

Dear Mr. Armstrong:

Receipt is acknowledged of your letter of 2 August 1949 enclosing four papers on certain aspects of NSC 50.

The suggestions contained in these papers are most interesting and will be helpful to me in the implementation of various parts of NSC 50.

Other matters concerning the reorganization of CIA and allied aspects of NSC 50 are already on the agenda of the IAC for the next meeting. It is hoped that your proposals may be laid before that body at the September meeting.

Sincerely,
